

Reseller Program Commission Overview

The Reseller program offers your company a new business opportunity to private-label the full line of WebCanDo development and internet services. We have enclosed an overview of an authorized Reseller commission example and the amount of revenue that your business can make using the reseller simple program.

International Technology Integrators

ITI is a custom computer company that offers a full line of computers and peripherals. They offer custom servers, desktops, printers, and local area networks. ITI offers its services nationwide with offices located throughout the country. They have selected the WebCanDo Reseller program due to the numerous opportunities and inquiries that they have receive on a monthly basis. The Reseller program offers no quota or technical knowledge. The Reseller can set their own prices, provide custom billing and determine the customer discounts. The Reseller owns the customer relationship. ITI sells on average three leads monthly, with the average opportunity between \$ 3,500 – 5,500 per web site. The program offers Premium three different opportunities to generate revenue. The One-Time revenue is for contracted web development services. The Monthly revenue continues for the life of the customer as long as they continue to use WebCanDo hosting services. The Recurring revenue is also for the life of the customer for changes and upgrades to your customers.

1. One Time Revenue - Web Site Development, and Consulting
2. Monthly Revenue - Web Site Hosting, and Yearly Domain Renewals
3. Recurring Revenue – Web Site Maintenance and Overhauls

Sample Yearly Commission
